

Brixton

Brixton is a sweetheart. She is alert and attentive now (March 10th) , but just a few short days ago (March 4th), little Brixton just lay, trembling all over and wincing with every move as her right rear leg throbbed with pain as a result of being hit by a car and sustaining a broken leg. Although she might not think so, her accident timing worked to her favor as Friends of the Shelter was able to step up and give her the surgery she needed to save her leg, and her life. Brixton is now recovering in a foster home capable of the 'tough love' needed to successfully complete the next six weeks of cage rest recovery so that her bones heal without compromise. During this time, Brixton will master crate training and self entertainment through busy bones and kong toys.

Puppy Love

I'm cute, and cuddly and lots of fun! I think everything is a toy for me to play with. You'll need lots of time and patience to teach me everything I need to learn. Sign me up for some puppy kindergarten classes so I can become the best dog I can be!
